

## **Week #15 08/22/22**

**Please pay attention to the handicaps on the FLAGS before signing one. The handicaps have gotten better throughout the year and the current flags will be for teams 2 and under and 3 and above.**

**There are 2 weeks left in the season.** The last week will be 8/29/22 and the year end fun night/scramble/championship match will be on 9/12/22 since we do not play on 9/5/22 (Labor Day).

The year end scramble will be 4 person teams, consisting of 2 current teams. We will put the lowest handicap team with the highest handicap team and work our way to the middle. I have some ideas about the format but will discuss with the board and provide details later.

I will need to know if you will not be able to play in the year end scramble. I suggest finding a sub and if you can't then hopefully one of our subs from this year can fill in.

Jon
