

Hi All,

Thanks to everyone for getting dues paid for the season.

Notice: Ferguson Rd. may be closed, to get to the course again so come Bluffton Rd.

REMINDER on rule 8:

8 ABSENT MEMBER SCORING

In the event that a player is unable to play on a particular night and has failed to arrange for a substitute, the remaining Team member can play against the opposing team. The Single player team will be allowed **1 Mulligan per hole, (Not every shot!).**

In the event both regular team members are absent, and one sub shows up to play. The sub would play against the opposing team, using the missing team's handicap. The single player team will be allowed **1 Mulligan per hole, (Not every shot!). ~~Mulligan cannot be used on the green.~~**

In the event both members of one team are absent (with no subs) the opposing team would play as scheduled and would use the "absent member scoring" for each missing player (use the absent team handicap and add 4_strokes). Under this scenario the absent team would not receive any points, but the opposing team would need to beat absent member scoring.

In the event opposing teams scheduled to play, and neither team has players nor arranged for subs both teams would receive 0 points each.

This week will be the first week for the flags to be different based on Over and Below HCP of 3 so be sure to sign the proper flags.

The site is updated, I think all the information for the first 2 weeks a posted.

If you see anything wrong let me know.

Website again is <https://golf.cccmwcllc.com> .
