

Week 6 06/19/23.

Hi All,

The Flag for HCP 2 and over was not signed by anyone.

This week in addition to the Fewest Putts for the 3 and over there will be an additional flag on Hole #15 for Longest Putt. Even though you may think someone may make one longer than yours you should sign it you never know a very short putt may be the longest.

**Reminder: This week is Fewest Putts so remember to mark your puts on each hole.**

In case of a tie, we will use the HCP hole backup to break the tie.

There was a request to post the following in the Notice.

Murray Mendenhal has run this 2-day tournament for several years at Brookwood. I think we might have a few players that might be interested. It is an interesting format and a lot of fun to play in.

See this week's email for the attached files for more information and the signup sheet.

Any questions contact Brookwood.

The Site updated as of 06/15/23.
