

Week 8 07/10/23.

Team pairings for week 8 the last week of the first half are determined by the total points after week 7.

Where there was a three-way tie in the points I then went with closest HCP's.

No one won the birdie jackpot on week 7 so it will carry over to week 8.

There also was no winner for the proxy for the 2 and below on hole 1. There will be 2 flags for the 2 and under on week 8. Because we are playing on the FRONT again the repeated one will be placed on the same hole and will try it again.

Double check your tee times. The team pairings and match numbers were correct. The tee times were wrong.

The Site updated as of 07/07/23.
