

Week 9 07/17/23.

Congratulations to Walt Halley and Al Robertson for winning the first half.

There was a tie for the most points at end of first half. I compared the two score cards and that also would have been a tie. I then went to the backup of the hardest HCP holes and Walt and Al would have won hole 9 HCP of 1.

The holes marked for strokes on the cards on week 8, were on the wrong holes. I have fixed it in the system so the points are calculated properly.

No one won the birdie jackpot on week 7 or 8 so it will carry over to week 9.
