

1. I would like to have this brought up for discussion and a vote at the end-of-season golf meeting.

The golf season always seems to go by so quickly, and just when everyone gets into the swing of things, the season is coming to an end. I would like to propose extending the golf league season to 20 weeks, including the Championship/Fun Night.

Adding a few weeks would give everyone more opportunities to play, make the season feel less rushed, and allow us to enjoy the league a little longer. We already have a great group of golfers who look forward to playing each week, and I think extending the season would be a positive change.

I have discussed the idea with a few of the golfers, including the possibility that the additional weeks could overlap with the start of bowling season. The general feeling was that this could be handled by getting a substitute for golf or bowling for those few weeks, just as we already do when someone is on vacation or has another commitment. I don't think a short overlap should prevent us from considering a longer golf season if the majority of the league would like to continue playing.

I would like to have the proposal put to a vote at the end-of-season meeting and let the league members decide.

2. I formally request that we take a vote on going back to playing your own ball and no longer 2 man scramble
