

Week #03 — 06/01/26

Because of the rainout on **05/18/26**, we will be playing the **same teams on the Front 9** again on **06/01/26**.

All schedules on the website have been updated to reflect this change. **Week 03 should now show as 06/01/26**. Please refresh the page before checking the updates.

Rule 3 RAIN OUTS

Scheduled league days will be declared **“Playable” or “Not Playable” at the golf course** by league officials who are present. Decisions are not made from the Plant.

A blown horn from the course due to weather **does not automatically mean league is cancelled**. If there is a chance to finish the round after the weather passes, we will continue play.

Brookwood will issue **rain checks** when league play is officially cancelled.

A **complete rainout** will be played the following week, and the playoff date will remain at the end of the season. We may play a different 9 to keep the course's schedule on track.

If you spot any mistakes, please let me know and I'll get them fixed.

Thank you, **Mike**
